

Finding Behavioral Health Screening Results in Epic

Suicidality pop up alert for PCPs

The alert is designed to supplement existing Medical Assistant communication to PCP for concerning screening results during rooming process

Care Guidance (1)

SUICIDE RISK ALERT! Patient screened positive for SUICIDE RISK

⚠ Please evaluate patient, indicate an acknowledge reason below, and document a follow-up plan in your note.

Thoughts that you would be better off dead, or of hurting yourself in some way: (!) 2 (9/9/2021 5:00 PM)

Recommended next steps:

1. Assess for risk of imminent harm (eg, presence of plan, intent, and means).
2. If concerns are present after assessment **PAGE**:
 - During business hours, page your clinic's Behavioral Health clinician (pager#).
 - **GIM**: 3040 or 4050
 - **Fam Med**: 2575
 - **Pedi**: Your PCP's social work team
 - **After business hours**, call BEST: 800-981-4357

ⓘ Acknowledge Reason _____

I Accept

Pop up Logic

- Same day screening only, associated with visit
- First time PCP enters encounter after screening result entered
- PCP visits (MD and NP) only
- Will appear for visit provider only
- Any answer other than zero for question 9

Behavioral Health screening results will remain visible in multiple places in Epic

- **Screening results included:**

- Depression screening (PHQ-2/PHQ-9)
- Alcohol use screening (single item alcohol/AUDIT)
- Drug use screening (single item drug/DAST-10)

- **Last three results over the past 365 days will be visible in the following locations:**

- Snapshot view
- Synopsis view
- “This visit” sidebar, which is accessible from the A/P section
- Automatically pulled into the vitals section if using AMB POC VISIT NOTE PRIMARY CARE note template
- Using dotphrase (if not using template) - .DEPRESSIONSCREENRESULTSNOTE

- **Abnormal results will be highlighted in red, with exclamation point:**

- PHQ-9: Score of 10 or above, positive question 9 (suicidality)
- Single Alcohol & Drug Screen scores of 1 or above
- Total DAST score of 3 or above
- Total AUDIT score of 13 or above. (**Note:** Warnings can’t be set by sex therefore this limit is set to highlight with scores of 13 or higher).

“This Visit” sidebar – with A/P

The screenshot displays the EHR interface with two sidebars highlighted by red circles. The left sidebar, labeled 'A / P', contains tabs for 'Problem List', 'Interpret Use', 'Visit Diagnoses', 'BestPractice', 'Meds & Orders', 'Reprint Lab Req', 'SmartSets', 'Review', and 'Gender Identity'. The right sidebar, labeled 'This Visit', contains tabs for 'Note', 'This Visit', 'Communications', and 'MU Objectives'. The 'This Visit' sidebar is currently active, showing a list of behavioral scores from encounters over the past 365 days.

Problem List

Care Coordination Note Edited: Pablo Bultron De La Vega, MD 1/23/2020
Young female with chronic headaches

Search for new problem [Add](#)
